Approval of Contract: SkyBridge Global Inc. Contract for ERP Project Phase 1

City of Albuquerque

Martin Chavez, Mayor

Interoffice Memorandum

August 16, 2006

TO: Martin Heinrich, President, Albuquerque City Council

The Department of Finance and Administrative Services requests approval of a contract with SkyBridge Global, Inc. for the purpose of providing implementation services for Phase 1 of the Enterprise Resource Planning (ERP) software project. The amount of the contract is \$989,564.00 and is priced under the GSA Contract: GS-35F-0763R pursuant to Section 211 of the e-Gov Act of 2002, Cooperative Purchasing which provides authorized State and local government entities to contract for information technology items offered through GSA's Schedule 70. While the contract terms and conditions other than pricing and deliverables are still being finalized, the remaining items are small in nature.

SkyBridge Global, Inc and their proposed project team have experience implementing ERP solutions in various local and state agencies. This effort will provide analysis of the City's needs and design for the implementation phase of the PeopleSoft ERP application. We feel confident that this team, along with

City project team members, will deliver a service with knowledge and expertise in project design of the PeopleSoft ERP software for the integrated Financial, Payroll, and Human Resources system.

I am forwarding this agreement to the Council for their consideration and action.
